June 2023

Vintage 2021

Our deep gravel soils have expressed themselves particularly well facing complex climatic conditions: a mild winter, a cool and rainy spring until June, followed by a hot and dry summer that particularly benefit our cabernet sauvignon. The months of September and October played the role of finishing ripeness to perfection.

Tasting notes

Complex and nuanced, violets, rosebuds and petals. Elegant, balanced and savory, with black currant and blueberry notes to which smoky, licorice and espresso touches give texture and depth. Abundant tannins that close on the finish and suggest a long life.
